

Circular

St James's 2^d June 1780

Sir

As a Letter has been published
in several publick Papers pretended to
be a Copy of one from Sir Henry Clinton
to Lord George Germaine dated the
30th Jan^y 1780 and supposed to have been
intercepted, copies of which Letter have been
industriously circulated at Paris and
elsewhere, I think it proper to inform
you that various Documents in Lord
George Germain's Office prove it evidently
to be a forgery but whether it originated
at Paris or was sent from America, is
not yet known

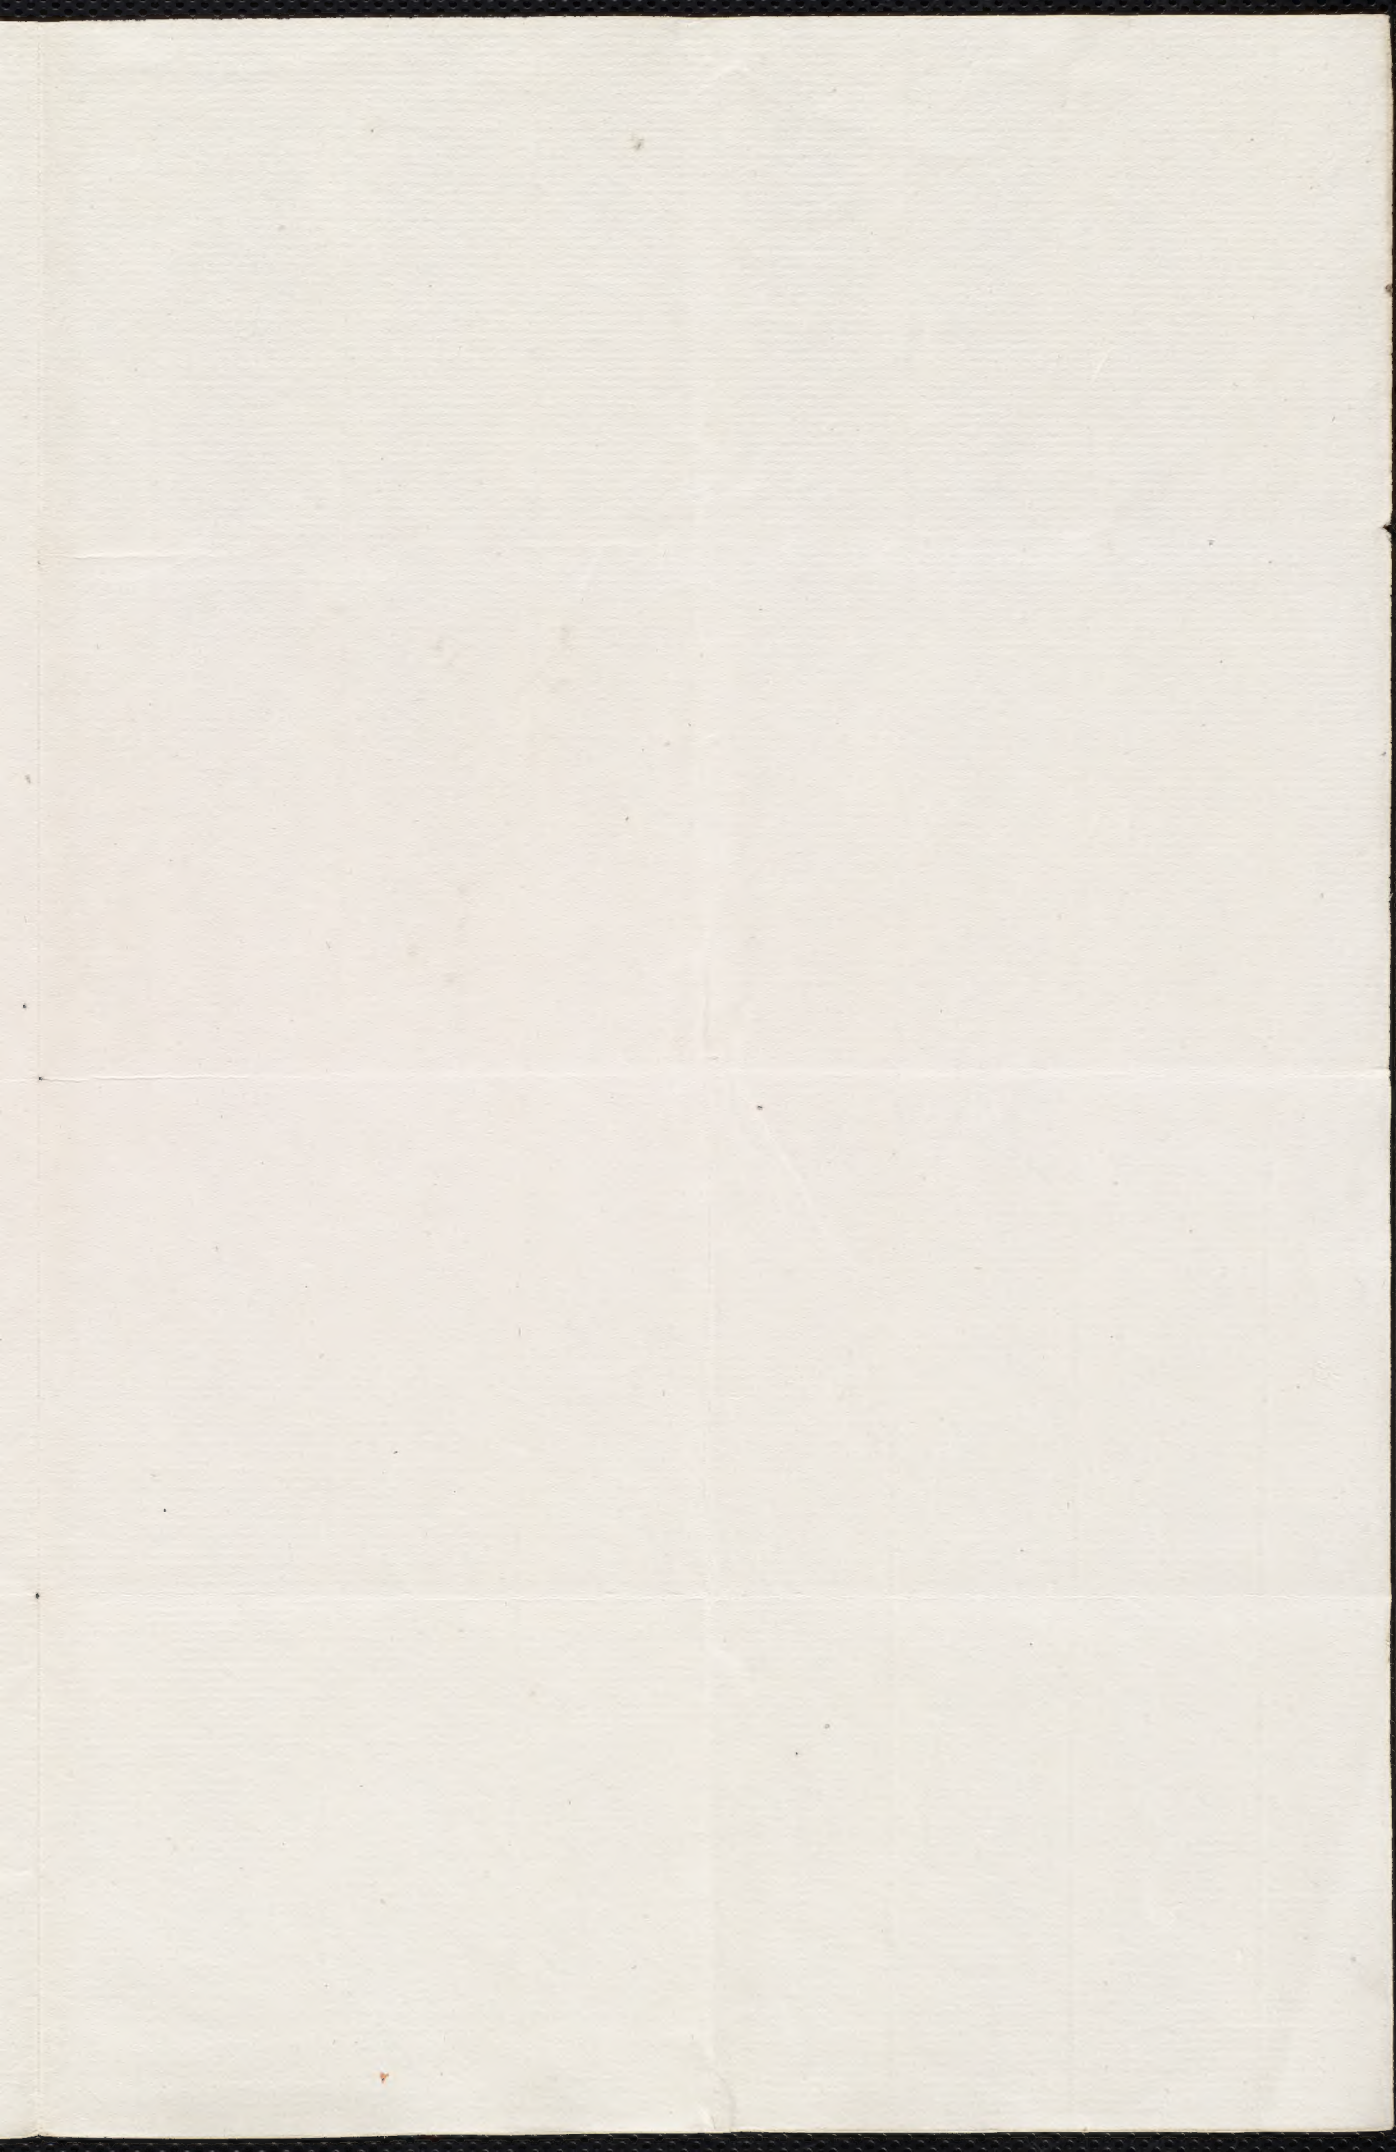

I am with great Truth & Regard

Sir

Your Most Obedient
humble servant
Millsborough
